

Architectura PC, Rochester NY is seeking a full-time Architectural Drafter.

We are looking to add a team member who enjoys project production and 3D modeling. Experience and interest in working on all other aspects of architectural design services are also welcome.

Summary of Position:

- The Architectural Drafter is primarily responsible for project production, from conceptual design through construction, with the supervision of the project architect.
- Produce marketing and presentation materials.

Skills and qualifications:

- Minimum of 2 years experience working on project production within an architectural firm.
- A BS in Architectural Technology or B Arch degree.
- Proficient with construction documentation using Revit and AutoCAD.
- Experienced in Microsoft Office, Adobe Photoshop and Enscape 3D imaging.
- Basic knowledge of building construction and building codes.
- Aptitude for working as part of a team, as well as working out challenging tasks individually.
- Organized critical thinker with attention to detail, and efficient working habits.
- Demonstrates professional communications skills when representing the firm.

Our work is performed in-office. We will accept inquiries from those currently residing or intending to relocate to the Rochester, NY area.

- Architectura PC provides architectural and interior design services on projects typically located in upstate New York.
- We are a small, professional, talented firm that works on new construction and renovation projects, both small and large-scale.
- We enjoy working on a wide variety of project types, including municipal, educational, multi-family housing, single-family homes, medical and worship facilities.
- It is important to us to provide distinctive design and excellent service to our clients.

Architectura offers a competitive compensation and benefits package commensurate with the ideal candidate's experience and qualifications. Architectura provides a creative environment. Submit inquires and resumes to: architectura@architecturapc.com
